It will be no use to torture the private detective.
The info he gave you is 100% correct.
Sin Uoo has changed a lot, hasn't he ?
He still has his poker face smile, but he often becomes so defenseless.

Are you saying -
I have to accept such a degrading man as my future husband ?
If there was a rival, it should have been at least the princess from Asam corp.
I understand that you cannot take it as reality.
I was skeptical for a while as well.
But the truth was there all the time.
Park, Sin Uoo has fallen for Kang, Ha Ji.

I cannot accept that.
Give up on him.
He was not your man to begin with. Besides, you've never had a serious interest in him until you heard news that Aram Han was engaged to him.
I have no strong intention to posses him. But he is too good of a man to just give up.
So, you want to turn him into your personal slave ?

Janimes
www.janimes.com

At least I am not going to lose him to some dirty bitch.
Leave now. I want to be alone.
As you wish ! You are my owner anyway.
Sin Uoo oppa ...

Stupid idiot ! Among so many women, you just had to pick the worst ?!
You've never head any real interest in me. But you fell for someone and it's a human-pig that knows nothing but eating ?! It's a monkey would be smarter than that pig !
I have known that you had a weird taste in female, but that ?! What are you trying to do, humiliate me and make me feel like I am in bottom of hell ?!

Die ! Die ! Die !
Princess, the chairman's car has arrived. It's time for you to stop and rearrange your furniture.

This is why I cannot stop being a slave.
Han Seo is absent today also ?

eah
This bastard how much longer is he going to skip He is a senior Should he be really doing this
Ordinary life style is not for him anyway
Looks like you are really disappointed this time
Dude Ease up We will kick his arse together when he s back

No let s put him in a toilet
The old fashioned toilet would be best for this occasion
He will be laughed at for the rest of his life f he s found in such a tolilet
Let s go find an old fashioned tolilet
Thanks
Huh It s too early to thank me
Thank me after we push him into an old fashioned toilet
She is being shy that s all
She comforted me and and she feels shy
Let s believe like that

Some girl with big jutt: said she didn't need it Is it expensive ?
doubt any of your relative has one

Would it be stealing if I take it ?
You better send it back to her If you carry something like that you might be mistaken as a thief
But I told her to take it I even shouted at her But but but she just left
Why don't you just admit that you want it ?
Send it back if you want one I will buy you one
This one is good enough for me
I am gonna give this to the director when her birthday comes She will think it's from the real brand

really don't

This school looks even worse than the last time I saw
The witch ?!
Why why are you here ?!

Did you follow me here

Has she seen through my plan Is she trying to counterattack
Yeah we haven't seen each other before
No matter how look at her she doesn't look that complicated

www.jamimes.com

am
Sin loo-oppa s
cousin
Ahah ~
A cousin !

husband

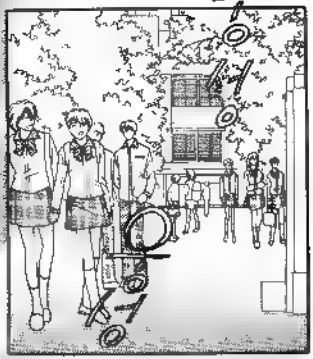
Did her uniqueness interest you
Perhaps
This is going to be bad then My grandfather has ordered me to stay with you for a while
Prepare good excuses for your girlfriend Even if I am known as your cousin to her if I hang around with you for too long she will get suspicious
It s all right As long as she think you are my cousin she won't even bother thinking further
To be honest with you didn't expect you to like someone like her

Do you like her
our girlfriend
es like her
What if that poker face
says so that means he
doesn't like her
He is extremely
cold to one he
really likes anyway
do like her

Really
it s good to
like somebody
Really
Fine admit now
admit that he has
changed

Making such a sweet face to somebody else other than me it kind of builds my jealousy

Not that I want you desperately but you are too good to just let go



Jh ? you came here again ?
yes hello We meet again
살짝
am sorry but it looks like am going to have to have Sin loo-oppa today also We have a family meeting

Shut up you
Ah - Princess syndrom

갸웃
갸웃

I feel bad
For no reason
just feel bad
How come
Probably the same reason as mine
Why do you feel bad?
The same reason as mine
I am asking why do you feel bad ?!

What a horrible batting sound
Why does she have to practice as if she's set out for killing every time

What s wrong with you
ou've been like this for some time looking like those with their internal organs gone wrong after eating too much pizza
guess it s a crime to have a thing for a woman who s 8 years younger than me
Besides the girl doesn't even like me

Well as long as you don't do anything that's against the teenage protection law I guess it's fine to have a thing
I thought I finally gave up but I fell for her again
Seeing her in a fencing garment and seeing her swing a bamboo sword
I found myself staring at her thoughtlessly
Don't worry I wouldn't even see you as a woman even if you do a strip show

www.janimes.com

Still
I beg you. Please look at a mirror sometimes and compare yourself with any ordinary women. Be thankful to Sin Joo for having such a weird taste
Some say that one could get used to being hurt. Are you one of those?
Not me. I will never be used to wounds
Good luck with him. He lives in a world where feelings mean nothing
??
Are you talking about Sin Joo?
You will never manage to be acknowledged as a candidate for him. But you will keep trying even if you keep getting hurt

Why don't you just forget about them
Bury your wounds deep enough so that it will never relapse
It always hurts
New wounds also often relapse old wounds
It is that simple to you

know what Sin Ioo has been doing since he came to this school Mu Hyeon is easy to manipulate anyway
f you are happy now you can just bury your wounds of the past
It is possible for you
don't have good memories
is that so ou are a very scary person

f it s true
vou've never had
true feelings
Sorry

What are you doing Let's go

Too bad if there were lightings and thunder I'd see you scared like a cat

Ha Ji ?
didn't forget
simply
pretended
to forget
buried it deep
inside of me
believe it is
impossible for
anyone to simply
forget something
like that
couldn't
and can't
forget

buried and buried
deeper Whenever
it d come back to haunt
me asking why forced
to bury again
But could not forget
As f a leak becomes
gradually larger on
a dam
my questions gradually
grew bigger larger
and deadlier
And my doubt
and suspicion
had almost
turned into a
certainness
What are
you
Why
Park Sin Joo

Why did you try to kidnap me ?
Why did you try to rape me ?
Why did you try to kill me ?

did not
mean to
kill you.

It's hard to find a woman like eong In Since you two are students engagement is as far as we will go for now It's official
Do you really think will do what you tell me ?
Even if your so-called "girlfriend" might get hurt if you do not follow my orders?

like was overhearing

without considering
oppa s feelings
So please give it
a chance at least
Consider her on a
fair table and even after
that it makes you think
you do not like her
guess it couldn't be

But ignoring oppa s
opinions at all
will not
accept that
Hmm

Thanks

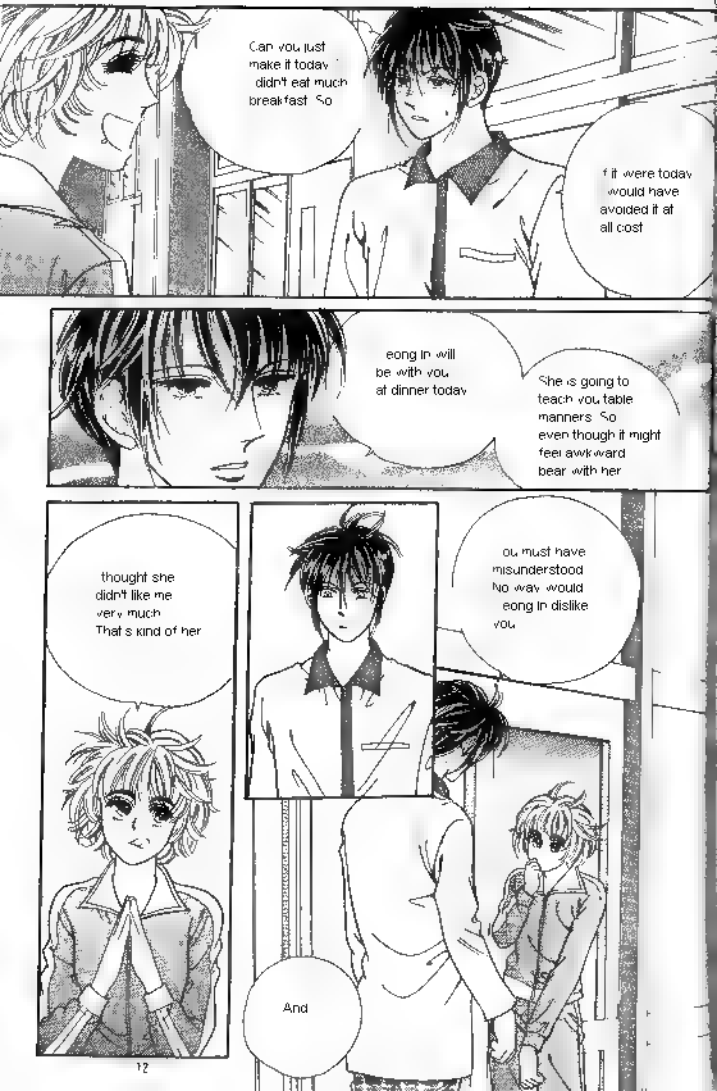
I am not sure your girlfriend would be willing to join us though this kind of place might just not be her taste
Ha li will never refuse a free dinner offer
The problem is
Qu?
Qu?
One dinner is enough to make him to reject her with hatred

Do you want me to help you ?
Leave it up to me
will teach her proper manner so that she will pass
Dinner invitation? Saturday evening ?



Can you just make it today didn't eat much breakfast So
I'll avoid it at all cost
eong In will be with you at dinner today
She is going to teach you table manners So even though it might feel awkward bear with her
thought she didn't like me very much That's kind of her
ou must have misunderstood No way would eong In dislike you
And

It will take about two hours Go have dinner
es ma am
Stop staring at it and let s go in
How r stic bet she feels small by just staring at it
Ah im
Can we eat that as an appetizer The smell is so good that it s haunting me

www.jenimes.com

Ah sorry
It was so delicious

fungus
Are you stupid
This food is not
called yellow something
It s spicy seasoned
rice cake
Who is calling
who an idiot ?!

www.jahmes.com

Are we really going to eat all these ?
Yes since the chairman Park enjoys traditional Korean food he will most likely have these kind of dishes on dinner table

Awesome there are so much
This is really not much compared to how much there will be at the dinner
Are you say there will be much more at tomorrow's dinner ?!
You really have a big stomach don't you
You you too eat this much everyday
Of course it's pretty normal for me
You don't seem like one of those who eat ridiculously a lot You big eater
Look who is talking You are an IQ of a dog and you eat like an elephant Do you think you are a right to address me like that ?!

Just to make sure you don't eat all
Eh get to leave some ?! Why ?!
It's obvious
And try not to dig food It's not a good manner and the chairman Park hates such an action
Follows are basic rules of table manner
Do not eat loudly
Do not open your mouth while eating
Do not touch food with your hand
And when you speak put down your chopsticks and swallow any food in your mouth
This should cover what the chairman Park hates the most

Have some manner !
At least pretend to listen
when someone is
trying to help you !!!
Ug -
am losing my temper
It is impossible to
teach this idiot anything

Sir Ioo-oppa doesn't eat much
He mostly eat few vegetable per meal
He eats meats on a rare occasions
And he doesn't eat instant food
I heard the company M is in a cooperation with another company Do you think it s another false rumor in order to control the shock market

Sin Joo Yi
Giving that indecent being a chance was not a good idea to begin with
Get her out of here

www.janimes.com

Sin Uoo !
Are are
you out of
your mind !?
Hey princess
there is a limit
can take on
your play

What you've been doing was so childish that I just let you do whatever you plan to do. But you've gone too far this time
s some low tricks all you can come up with your brain I can just see how mature you are

Sin Sin Uoo
What are you
ou know what
she has done to
eong In
Why
have done my part
of bargain by accepting
such an obvious dinner
competition
So do not try
my patience
anymore
It will not work
Let s go
Sin Uoo
Sin Uoo,
wait

Wait,
Sin Uoo !
Let go of me
for a second !
Why do I have
to keep limping
because of
these shoes

Now this is better
Why didn't you just throw a punch on her face ?
What ?
Knowing your personality you should have thrown the table and kicked her butt
Holding on to yourself it was not like you

But gave your father pretty bad impression last time
Still you didn't have to
was just trying to earn some reputation
But know you tried hard
She told me that you don't eat instant food but you ate cup noodles and street food with me everyday
know you are like eong In who don't prefer cheap instant food but you ate them because of me

So
was just trying to be on the same level as you
Ha li
Couldn't you have not be moved by food and something else something more romantic ?!
Now what
when the princess didn't know that knew her true face
her actions were limited to "lady"
But since she knows that knows there is no stopping for her now

Looks like I just made an annoying enemy tonight
Did you really have to do it

Whatever your decision may be I will always be by your side
움찔 움찔
Your smile won't work on me this time still cannot allow you to go out with that indecent one
Whatever your decision is fine with me father I will reconsider my options
움찔

Hmm... old man Has he become immune to my smile attack ? It doesn't seem to work anymore
Why is he talking back aggressively ? Why is he not making any sarcastic remarks ? Does he dislike me really ...?
Yes grandfather Sun Joo-oppa is perfect for me
Please proceed with the engagement ceremony as soon as possible

I've never seen you pressing for someone. You must like him a lot.
Ah, yes, he will be a good man in the future. I heard you were invited to a dinner by the Park ? Did you have a good time ?
Yes, I had a good time.
Ma'am, your order has arrived.
I see. Put it in my training room in the basement.

Hello,
Sin Uoo-oppa !

Bastard !
He dared to embarrass me in front of that idiot !
What ?
